

Computing Research Leadership Council Seminar Series

Speaker: Dr. Sven Leyffer (Argonne National Laboratory)

Talk: *Nonlinear Optimization at The National Labs*

Join us (virtually) to learn about the research of Dr. Sven Leyffer (Senior Computational Mathematician, Argonne National Laboratory). The talk will be followed by a thirty minute conversation in which participants will have the opportunity to ask Dr. Leyffer questions about his nearly twenty years of professional experiences in a National Laboratory.

Date: Wednesday, November 3rd 2021

Time: 11:30 – 1:00 pm (PST)

Registration link: <https://tinyurl.com/23jhutfj>
